SO I CREATED *BEHAVE*

- 🍬 I'm Mayssa, the founder of BEHAVE Candy. And I *LOVE* sweets.
- 🍬 Growing up with a diabetic father, I saw how limited the snack options were for anyone who wanted or needed to cut back on sugar.
- 🌟 I also developed a sweet tooth of my own, and my sugar habit led to health issues, breakouts, weight gain, and anxiety. I started looking for healthier options. But I couldn't find a healthier candy alternative anywhere.
- 🍬 This led me to create BEHAVE Candy. I partnered with world-renowned chefs and food scientists to develop the first candy on the market that both me and my diabetic dad can enjoy, guilt free.

A close-up photograph of a woman on the left and a man on the right, both with their mouths open as if eating candy. The woman is holding a small, round, orange candy in her mouth. The man is holding a small, round, white candy in his mouth. The background is a solid red color. Various colorful, translucent candy pieces are floating around the faces, including orange, yellow, green, pink, and white ones in different shapes like stars, hearts, and circles. The text "BEHAVE IS THE FUTURE OF CANDY" is written in white, bold, sans-serif capital letters across the center of the image.

Obsessed!

Absolutely obsessed with the sour stars and bears. Best lower sugar candy brand I've tried for sour candy, and I've tried a lot! Now just to get my hands on the super sour skulls!

✓ I recommend this product

Best Low carb gummies...

Best Low carb gummies I have tried. The texture is spot on for classic gummy bears. The flavors are very good. And the sour is actually sour. Ingredients are as clean as it gets for a 'healthy candy'

✓ I recommend this product
